

# THE DAILY CHRONICLE.

**RULE & RICKS, Proprietors.**  
SATURDAY MORNING, AUGUST 3, 1872.  
**THE LARGEST CIRCULATION**  
Of Any Daily Published in East Tennessee.

**NATIONAL REPUBLICAN TICKET.**  
For President,  
**ULYSSES S. GRANT,**  
OF ILLINOIS.  
For Vice President,  
**HENRY WILSON,**  
OF MASSACHUSETTS.

The colored people are invited to read the speech of the greatest man of their race, which we give in another column. They will see from it that he has good reason to appeal to them and be heard. He proves to whom the colored race owes its emancipation, and besides his eloquent and honest appeals, the voice of Sumner will be little heeded. Fred Douglas is an honor to his race. He is a man of great ability, and his counsel is worth heeding. It will throw great influence and fully counteract Sumner's bitter assault on Grant and his record, as a friend of the colored people.

The slanderers have followed Senator Wilson as well as General Grant. For weeks the Greeley papers have been trying to prove that Henry Wilson made speeches in Know Nothing leagues denouncing foreigners. But it seems from a letter just published from the Senator that these stories are as false as many others daily published. But we do not know that Greeley's friends ought to be concerned as to Wilson's record on this subject, for it would seem from what we publish elsewhere that Greeley has reason to defend himself against the same charge.

The New York Post, an independent Republican paper, in a lengthy review of Sumner's last speech against Grant expresses the opinion that it will have little influence, owing to the extremely vituperative character of his assaults on the President. Its Washington correspondent expresses the opinion that the reception of the letter in Washington has greatly disappointed Sumner.

What its influence will be on the colored vote, we know better than they do in Northern political circles. The colored people respect Senator Sumner, but they will never follow him in the direction his face is now turned. They have more, far more, true and tried friends adhering to Grant than they have to Greeley, and what is far more important, they know that the party to which Sumner proposes to lead them, is and has been, hostile to their best and highest interests. The colored vote of the South will adhere to Grant and cannot be induced to follow Greeley or Sumner.

## THE MEANING OF THURSDAY'S VICTORY.

The decidedly large majorities given for the Republican ticket in Knox county in Thursday's election is the subject of general comment. The result was beyond question a surprise to the Democracy, and the very unusual majorities ascribed them. The result has dumfounded their party leaders, and one and all admit they cannot understand it.

There are some reasons for this decided expression of public opinion that ought not to be overlooked. The Democracy of Tennessee, since their restoration to power, have been extremely vindictive and short-sighted in their legislation and public policy. They have disregarded the interests of the people, have legislated for rings, have outraged all ideas of fairness and justice and shown themselves bitter partisans unworthy of the trusts committed to them. This policy has been characteristic in State and county matters. The machinery of the party in this county has fallen into the hands of men who use it for their own selfish purposes. They have loaded the party down with strikers not entitled to public confidence and support. These influences had their result. Then the vote was a full one and when the people turn out and vote their sentiments, Knox county is Republican by a decided majority. This demonstration of public opinion should have its weight, and the leaders of the "Knoxville ring," who have their connection with the junta at Nashville, should understand that their will is not omnipotent and that the people do not nod at their winking. The Union people of Knox county will remember the party that without reason legislated Thornburgh out of office to satisfy the greed of a place hunter. They will remember the leaders that gerrymandered Maynard's Congressional District to defeat him, solely to gratify the hatred of disappointed, unworthy rivals who dared not meet him upon their merits before an honest voting public. To satisfy their malice they robbed East Tennessee of a member of Congress and placed the growing industrial interests of the coal and iron countries of this section into the keeping of a free trade, bitter Democratic majority across the mountains. We might enumerate other glaring outrages of Tennessee Democracy to explain the meaning of our glorious victory, but we have given enough to show that Thursday's vote has its proper significance and was intended as a stinging rebuke to these corrupt and selfish party leaders.

## Immigration.

During the quarter ending June 30th last, 66,987 people have embarked at Liverpool for the United States. This indicates an emigration from Great Britain to this country of more than a quarter of a million annually. These people flee from a land where they enjoy the blessings of free trade to one where protection prevails.

## Know-Nothingism—A Little Item for H. Greeley to Explain.

The charges against Senator Wilson on the score of an alleged connection with the Know-Nothing party having been thoroughly ventilated and exposed, the Chicago Journal now comes to the front with an arraignment of Horace Greeley. We quote this from that paper of Saturday:

"A New Yorker, now a well known resident and merchant of this city, informs us that in 1856 he was a member of the first Know-Nothing Council formed in the city of New York; that the question of securing a newspaper organ came up; that a committee was appointed on this subject; and that, at a meeting of that committee, at 88 East Broadway, over a drug store, Horace Greeley was personally present and submitted a proposition to make his Tribune the organ of the Know-Nothing party of New York if they would pay him \$30,000. Our informant, who is as reliable a man as can be found in Chicago's business circle, stands ready to prove his statement should old Horace have the hardihood to question it."

## NEW ADVERTISEMENTS.

**Revolutions Never Go Backward.**  
The philosophical theory that the human system when weakened by disease, oppressive heat, excessive labor or any other cause, should be toned and invigorated instead of being subjected to the action of depleting drugs, is gaining ground every day. The introduction of Hostetter's Stomach Bitters twenty years ago gave a powerful influence to this common sense idea. As the extraordinary efficacy of the Great Vegetable Restorative became known, multitudes of debilitated invalids turned with loathing from the nauseous and strength-destroying potions with which it was then the fashion to drench the sick, to this renovating, appetizing, vitalizing preparation derived from the finest roots, herbs and barks placed by botanical research at the disposal of medical science. Revolutions never go backward. From that time to the present the importance of assisting and reinforcing nature in her struggle with disease has been more and more widely and generally appreciated by the sick and the suffering. In tens of thousands of households Hostetter's Bitters are looked upon as the one thing needful in cases of Dyspepsia, General Debility, Constipation, Nervous Weakness, Chills and Fever, Bilious Affections, and all conditions of the body and mind that betoken a lack of vital energy. When the quicksilver runs high, and the solid flesh is resolving itself into a den under the fevered temperature, this agreeable tonic is the best possible safeguard against all the disorders generated by a sultry and unwholesome atmosphere. It prevents and relieves lassitude and languor, and enables the system to endure with impunity an unusual amount of exertion. Of all invigorating and regulating medicines, it is the purest and most wholesome.
